FULL-ACCESS CABINETS

Eclipse Cabinetry utilizes ultra-efficient frameless construction, resulting in full-accessibility to the cabinet interior. Inspired by the innovation of European cabinetry, our cabinetry easily adapts to a wider range of styles. Whether you like sleek and modern or traditional cabinet design, Eclipse Cabinetry can produce the look you desire.

With our full-access construction, you gain up to 10% wider drawers and openings than a traditional face-framed cabinet. Storing and accessing all of your things is efficient and simple.

Eclipse offers an extensive collection of wood types as well as specialty materials like laminates, acrylics and specialty veneers. Our color selection features stains and paints with glazes and distressing features as well as high gloss and matte finishes in our specialty materials. This all adds up to over 600 possible color combinations, so your perfect color is waiting. With so many choices, it may be a challenge deciding on just one, so don't be afraid to mix it up with several colors.

Browse this catalog for ideas, but remember, this is just a sampling of what we can do. We offer customization of cabinets and custom paint colors, proving that your imagination is the only limit. Consult with an Eclipse Cabinetry retailer for more possibilities.

PAINT

Color is everything, and painted finishes provide limitless possibilities, which is why Eclipse Cabinetry offers so many choices. Our diverse collection of standard paint colors is only the beginning. For those with a particular color in mind, our custom paint program lets you choose from the entire Sherwin Williams' palette of paint colors. Consult with a retailer for more details.

Glaze & Highlight Options on Paint

Eclipse offers additional finish techniques on paint. Available on most paint colors, our glaze or highlight options add an extra level of character for a more antiqued appearance. The brushing add-on is only available with the café or slate highlight and adds a subtle brush stroke to the highlighting process. Variation of intensity and direction are common and expected with all glazes, highlights and brushing techniques.

Metropolitan • Designer White & Bigio • Gloss Acrylic

GLOSS FINISHES

Gloss Acrylic

Gloss Acrylic features a deep, high-gloss surface for an ultra-sleek appearance. Featuring a color-matched PMMA (acrylic) top layer that enhances color vibrancy, we use a matching zero joint edge-banding technology for a near seamless finish. Also available are a 3D edge, Satin Aluminum-look edge, or Brushed Aluminum-look edge. Cubanite, Gabbiano, and Bigio have a subtle, metallic flake look which reflects light and gives a shimmer to the surface. Available on Metropolitan door style only.

HPL

Gloss High Pressure Laminates (HPL) have a durable, high-gloss finish for today's contemporary styling. Our Gloss HPL colors feature zero-joint edge-banding technology for the ultimate in sleek appearance. HPL products are available in Metropolitan door style only.

Metropolitan • Bigio • Gloss Acrylic

MATTE FINISHES

Matte Acrylic

The Matte Acrylic surface features a color-matched PMMA (acrylic) top layer with a velvety, low-luster finish. This product is fabricated using zero-joint edge-banding technology for a seamless edge. Available with either Matching edge, Satin Aluminum-look edge or Brushed Aluminum-look edge. The Matte Acrylic product is perfect for mixing with gloss or textured finishes, creating the perfect balance in any space. Available on Metropolitan door style only.

Matte HPL

Matte RAUVISIO noir is a monotonic matte finish. RAUVISIO noir has the ability to retain all of its elemental properties while delivering unwavering resilience, reliability and richly uninhibited elegance, giving you the quality you deserve with the versatility you desire. The deeply light-absorbent surface is crafted to be anti-microbial, ultra-low in VOCs and phenol-free. It withstands scratches and fingerprints while providing the deepest, touchable matte.

Metropolitan • After Dark • Matte HPL (RAUVISIO Noir)

TFL

Thermally Fused Laminates (TFL) are textured to simulate wood grain and represent modern interpretations of wood veneers. Their versatility is outstanding and allows for easy mixing with other colors and textures. Edge selections are Matching, Satin Aluminum-look or Brush Aluminum-look. TFL material is available in a horizontal or vertical grain orientation on the Metropolitan door style only.

STAIN

The beauty of wood is showcased with our carefully selected palette of stains. Our staining process enhances the various wood species that we offer, resulting in a beautifully finished piece of furniture for your home. When you add a glaze or highlight to one of our stains, you add an extra layer of depth and a change to the color tone, for even more possibilities. From traditional colors to modern interpretations, with Eclipse Cabinetry we are sure you will find a finish you love.

Hickory

Glaze & Highlight Options on Stain

By choosing a glaze or highlight, you add even more character to the finish. With several options of glazes or a subtle highlight, our hand-wiped process adds a layer of color that changes the underlying stain for a deeper, richer appearance. As this is a hand-applied technique, variation in the amount and location of glaze material will vary from piece to piece and within the same piece. Variation adds to the character and should be expected.

KITCHEN CABINET COMPANIES AREN'T ALL THE SAME. MAKE SURE YOU PICK ONE THAT HAS A POSITIVE IMPACT ON THE ENVIRONMENT.

A recent study by Hanley-Wood found that environmental sustainability is one of the top reasons cited when selecting cabinets

KITCHEN CABINET MANUFACTURERS ASSOCIATION, ENVIRONMENTAL STEWARDSHIP PROGRAM (ESP). ALL PRODUCTS IMPACT THE ENVIRONMENT. FOR ESP PROGRAM CRITERIA, VISIT KCMA.ORG

RESPONSIBLE PROCESS RESOURCE MANAGEMENT:

Cabinet manufacturers are checked to ensure they are dealing with wastes in responsible, sustainable ways and that they have a comprehensive recycling program in place.

ENVIRONMENTAL STEWARDSHIP:

Cabinet manufacturers are checked to ensure they have a written policy stating their commitment to environmental quality and that they attempt to ensure their vendors also engage in environmentally sustainable practices.

COMMUNITY ENGAGEMENT:

Cabinet manufacturers are examined to ensure they demonstrate community involvement and observe all federal, state and local environmental regulations.

AIR QUALITY:

Cabinets are inspected to ensure they meet safe emission standards for formaldehyde and other hazardous air pollutant levels.

To earn the KCMA Environmental Stewardship Program Certification Seal, companies need to score 80 out of a possible 110 points in these categories:

SUSTAINABLE PRODUCT RESOURCE MANAGEMENT:

Cabinet manufacturers are investigated to ensure they are purchasing materials from reputable companies with sustainable forestry programs.

ECLIPSE CONSTRUCTION

Eclipse Cabinetry is built with a unique, full-access construction inspired by European cabinetry. With this construction method, you get an efficient cabinet that maximizes the useful storage space. Our full-access construction gives you up to 10% wider door and drawer openings over a framed cabinet. More importantly, we utilize 3/4" thick material in our cabinet box construction, resulting in a more rigid cabinet than many of our competitors.

1. 3/4" thick top, bottom, and side panels*
2. 3/4" thick adjustable shelving*
3. 3/4" thick hanging rail*
4. PVC edge banding, color coordinated**
5. Durable, easy-to-clean interior in a natural, white, or linen-look laminate depending on product selected. (See retailer for more information)
6. Hinges are Blum CLIP top BLUMOTION soft-closing with easy adjustment
7. 3/4" x 4" wide stretchers for added stability & strength
8. Standard guides are Blum TANDEM edge 7/8 extension with integrated BLUMOTION soft-closing mechanism (optional Blum TANDEM full extension guides with integrated BLUMOTION soft-closing mechanism)
9. Multiple drawer box options (see below)
10. Choose from thousands of door style, material and finish combinations.

Drawers

Eclipse offers multiple drawer boxes so you can pick the one that fits your style - from traditional to contemporary. The standard drawer boxes available are the 5/8" Dovetail Drawer box or 5/8" Simulated Metal Drawer. The 3/4" Dovetail Drawer and Blum LEGRABOX Stainless Steel Drawer Box are premium options.

5/8" Dovetail Drawer Box

5/8" Simulated Metal Drawer Box

Guides

Drawers come standard with Blum TANDEM edge, 7/8 Extension, BLUMOTION self-closing undermount concealed guides. Blum TANDEM full extension, BLUMOTION self-closing undermount concealed guides are a premium option, except for LEGRABOX drawers, for which full extension is included.

3/4" Dovetail Drawer Box w/Branded Eclipse Logo

Blum LEGRABOX Stainless Steel drawer box (Full Extension Guides Included)

*Plywood upgrade option available in some species. Limitations and exclusions may apply. See retailer for more details. It will consist of a plywood core with MDF outer bands for consistency and stability. Some materials and finish selections not compatible with plywood option, so substitute materials will be used where applicable.

**PVC Edge-Banding is selected from available material to provide the best match possible. The edge-banding is not an exact match and may be noticeably different. Construction and product specifications subject to change without notice and may vary from information shown above.
